Welcome & Participant Check-In Reception of attendees and distribution of event materials.

09:00-09:30 – Opening Speech

Title Official Opening & Vision of Smartee

09:30-11:00 – Session 1

Title Introduction to Smartee: Why Choose Smartee?

Topics

- History and evolution of Smartee.
- Core advantages compared to other aligner systems.
- Digital orthodontic philosophy and treatment workflow.
- Presentation of the Solutions 1-20, Myofunctional trainers, and Product Series (GS, α, GE, Teen & Kinder).

11:00-11:15 – Coffee Break

11:15-12:30 – Session 2

Title System and Advanced Features

Topics

- Overview of the Smartee system and digital workflow.
- Advanced planning features: AI tools, Live Update, and Live 3D.
- Root control, torque customization, and motion precision.
- Integration of special features: Smart Auto-Attachments, Auxiliary Solutions and TADs support.

12:30-13:30 – Lunch Break

13:30-15:00 – Session 3

Title SmarteeCheck: 3D Control and Real-Time Modification

Topics

- Clinical use of SmarteeCheck software.
- 3D visualization tools and real-time modification functions.
- Live case demonstrations showing digital adjustment workflow.
- Case submission process and practical recommendations for doctors.

15:00-15:15 – Coffee Break

15:15-17:00 – Session 4

Title Clinical Protocols and Treatment Limits with Smartee

Topics

- Clinical protocols organized by plane: sagittal, vertical, and transverse.
- Treatment limits by age, bone biology, and malocclusion type.
- Real clinical cases showing predictability and efficiency.
- Conclusion: Why Smartee is the Complete Solution — how Smartee integrates technology, precision, and clinical support into one comprehensive system.

Closing Remarks

- Final summary and acknowledgments.
- Invitation to join the Smartee Malaysia community.
- Networking & photo session.
